

Welcome to Theosis.com

We welcome you to www.theosis.com. The Theosis Institute of Mysticism and Healing was founded in 1996 and is dedicated to the exploration of Christian Mysticism and spiritual healing. Esoteric Christianity is a rich and colorful path, easy to travel, leading to joy and health. Throughout the ages great mystics such as Origen, Meister Eckhart, Hildegard von Bingen, have all shed invaluable light on the inner way. More recently our teacher and friend, the Cypriot mystic and healer Dr. Stylianos Atteshlis, a.k.a. Daskalos (1912–1995) helped further illuminate the way to the Christ Consciousness. To Daskalos we are deeply grateful. We hope you enjoy www.theosis.com and we wish you peace and well-being.

May you have Peace in Heaven and on Earth

With a foothold in things heavenly, can you walk with sure feet through things earthly.

When you take rest in things eternal, can you awake in things worldly.

And when you partake in the universal, can you live fully the finite.

Paul Skorpen
